■ **Wow! Wow! Wubbzy!** found instant popularity on Nick Jr. and is now out on a DVD, *A Tale of Tails* (a second DVD will hit in February). Toddlers love the relentlessly upbeat voices, music, and story lines; parents might appreciate the modern animation. **The Wonder Pets!** is another cheerful Nick Jr. cartoon; the critters latest rescue is *Save the Nutcracker*, a DVD with one double-length episode and a bunch of bonus ones (each DVD is \$17; mass merchants).
